### **DETAILED ACTION**

1. In response to the most recent office action, Applicant has filed a Notice of Appeal and a Pre-Brief Conference Request. As a result of this conference, all previous rejections have been withdrawn, as discussed below.
2. Claims 1-7 have been examined.

### ***Allowable Subject Matter***

3. Claims 1-7 are allowed.
4. The following is an examiner's statement of reasons for allowance: Though no prior art could be found that clearly established which ICMP code would be generated if a port were not in use and Applicant has provided no published documents showing this, Applicant's affidavit filed under 37 CFR 1.132 filed 7 March 2005 has been accepted showing that it was well-known in the art at the time the invention was made that the code would be ICMP Type 3, subcode 3. The claims are therefore enabling.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
